

Plants Not to Share!

These are species commonly sold in nurseries or shared among gardeners. They easily escape gardens and may become ecologically invasive: they displace native species in natural habitat, and they may lure pollinators that would obtain better nutrition from those native species. Please do not garden with the species on this list; if you have them, don't share them with others. Species in dark red are especially popular.

Flowering Plants:

- **Bishop's Weed / Ground Elder / Snow-on-the-Mountain** _____ *Aegopodium podagraria*
- Creeping Bellflower _____ *Campanula rapunculoides*
- Crown Vetch _____ *Securigera varia* or *Coronilla varia*
- Cypress Spurge _____ *Euphorbia cyparissias*
- **Orange Daylily** _____ *Hemerocallis fulva*
- Siberian Squill _____ *Scilla siberica*
- **Common Periwinkle or Vinca** _____ *Vinca minor*
- Greater Celandine or Nipplewort _____ *Chelidonium majus* (resembles native wood poppy!)
- Oxeye Daisy _____ *Leucanthemum vulgare*
- Queen Anne's Lace or Wild Carrot _____ *Daucus carota*
- Grecian Foxglove _____ *Digitalis lanata*
- Leafy Spurge _____ *Euphorbia virgata* or *Euphorbia esula*
- Common St.-John's Wort _____ *Hypericum perforatum*
- **Yellow Iris** _____ *Iris pseudacorus*
- Dame's Rocket _____ *Hesperis matronalis*
- Yellow Archangel _____ *Lamium galeobdolon* or *Lamium galeobdolon*
- **Large-Leaved ("North Shore") Lupine** _____ *Lupinus polyphyllus*
- Woodland Forget-Me-Not _____ *Myosotis sylvatica*
- Valerian or Garden Heliotrope _____ *Valeriana officinalis*

Plants Not to Share! (cont.)

Grasses:

- **Amur or Chinese Silver Grass**
(sometimes called Pampas Grass)_____ *Miscanthus sinensis*
- Reed Canary Grass
(including variegated cultivars)_____ *Phalaris arundinacea*

Shrubs:

- **Amur Maple**_____ *Acer ginnala*
- Japanese Barberry_____ *Berberis thunbergii*
- Siberian Peashrub_____ *Caragana arborescens*
- **Winged Euonymous or Burning Bush**_____ *Euonymus alatus*
- Exotic Honeysuckles_____ *Lonicera × bella, L. maackii, L. morrowii, L. tatarica*
- Wayfaring Tree_____ *Viburnum lantana*

Trees:

- **Norway Maple**_____ *Acer platanoides*
- Russian Olive_____ *Elaeagnus angustifolia*
- Black Locust_____ *Robinia pseudoacacia*
- Tamarisk or Saltcedar_____ *Tamarix spp.*
- Siberian Elm_____ *Ulmus pumila*
